ABOUT ME

I am an Informatics Engineering student currently focusing on **Front-End Web Development**. I have a solid foundation in **HTML**, **CSS**, and **JavaScript**, and have completed several training programs from Dicoding. I am a fast learner, adaptable, and ready to collaborate in a team to create user-friendly and impactful digital solutions.

CERTIFICATES

Learning the Fundamentals of JavaScript Programming December 2024

DICODING ACADEMY

Studied the fundamentals of JavaScript for web development using Node.js. The course covered Object-Oriented Programming (OOP), Functional Programming, asynchronous concepts (callbacks, Promises, async/await), and code modularization.

Certificate: dicoding.com/certificates/OLZ9VJEOMX5D

Learning the Fundamentals of Web Programming December 2024

DICODING ACADEMY

Gained proficiency in semantic HTML and CSS, including Flexbox and media queries to build responsive layouts. This training strengthened the foundation in creating well-structured and visually appealing web pages.

Certificate: dicoding.com/certificates/NVP74RN84PRO

Creating Front-End Web for Beginners January 2025

DICODING ACADEMY

Learned how to build interactive web applications by manipulating the DOM and utilizing Web Storage for data handling. The course focused on implementing industry-standard front-end functionality and interactivity.

Certificate: dicoding.com/certificates/72ZD59JELZYW
